MISCELLANEOUS PAYMENTS BY PROVINCE FINANCE

SUBSIDIES AND OTHER PAYMENTS TO PROVINCES

Payments to provincial governments under the British North America Act, the Federal-Provincial Fiscal Arrangements Act and other statutory authority

\$

Subsidies to provinces (British North America Act 1867 to 1952 and other statutory authority)

Subsidies.....(10)	34,001,560
Payments of subsidies to provinces are shown in the first column of the statement following the last sub-vote of this category. Details will be found in appendix 2 to this section.	

Payments to provinces as provided under the Federal-Provincial Fiscal Arrangements Act 1967, c. 89, 1967, the Federal-Provincial Fiscal Arrangements Act 1972, c. 8, 1972 and the Federal-Provincial Fiscal Arrangements and Established Programs Financing Act, 1977

Payments.....(10)	3,009,371,175
-------------------	---------------

Under the provisions of the Federal-Provincial Arrangements Act, the Minister of Finance was authorized, where applicable, to pay to each province a tax equalization payment, a provincial tax revenue guarantee, and 20% of the federal tax under Part IX of the Income Tax Act.

For the fiscal period 1972-79, the federal government undertook to pay equalization to all provinces that have an overall fiscal capacity deficiency (i.e., the revenue base applicable to each province for each revenue source is less overall than their share of the population). The equalization payable to such provinces is the sum of the amounts derived by multiplying for each revenue source the revenue of all provinces for that source by the aforementioned fiscal capacity indices appropriate to each revenue source. The federal government undertook for the same period to stabilize net general revenues of each province at 100% of their yield for the previous year; to pay those provinces whose income tax law and rates were converted to conform to the new federal income tax structure adopted as of January 1, 1972 the amount of any revenue loss suffered by such conversion, and 20% of the federal Part IX tax on the post-tax reform distribution by corporations of income accumulated prior to tax reform.

A distribution by provinces appears in the second column of the statement following the last sub-vote of this category.

Youth Allowances.....	-131,265,000
-----------------------	--------------

Payments to Quebec as provided under the Established Programs (Interim Arrangements) Act, c. 54, 1964-65, and the Federal-Provincial Fiscal Revision Act, c. 26, 1964

Hospital Insurance and Diagnostic Services Act.....	32,978,497
---	------------

The Established Programs (Interim Arrangements) Act, 1964-65 stipulates that where a province that is participating in a program enumerated in schedule I of the Act, as amended, desires to have

that program become a program that is to be wholly administered and financed by the province the appropriate Minister and the Minister of Finance, with the approval of the Governor-in-Council and notwithstanding any provision of the authorizing instrument or any regulation made thereunder or in respect thereto, may together enter into a supplementary agreement on behalf of the Government of Canada with the province for the purpose of enabling the province to assume responsibility for that program. Where a province has entered into a supplementary agreement with respect to a standing program, the Minister of Finance may pay to that province an operating cost adjustment payment computed in accordance with section 7 in respect of a year for which an additional tax abatement has been provided under this Act in respect of that province. Quebec was the only province which entered into such an agreement for the current fiscal year.

The Federal-Provincial Fiscal Revision Act, 1964, c. 26, section 6, amended the Youth Allowances Act to provide that, where in any fiscal year commencing on or after April 1, 1964, the federal savings in respect of a province providing schooling allowances exceeds the federal revenue abatement in respect of that province for the taxation year ending in that fiscal year, the Minister of Finance may, out of the consolidated revenue fund, pay to that province in respect of that fiscal year an amount equal to the excess. It also provides that, where the federal savings in respect of a province providing schooling allowance is less than the federal revenue abatement, the Minister of Finance may deduct the amount by which the federal revenue abatement exceeds the federal savings from any payment to that province. Quebec being the only province providing schooling allowances in 1964, was the only province accorded a tax abatement in lieu of federal youth allowances being paid its 16 and 17 year olds. On the federal family allowances program being extended as of January 1, 1974 to embraces 16 and 17 years. Quebec discontinued its schooling allowance program and the full value of the tax abatement associated with the latter program is recovered from that province.

An amount of \$131,265,000 was recovered by an equivalent deduction from monies payable to Quebec in the current fiscal year under the Federal-Provincial Fiscal Arrangements Act and the Established Programs (Interim Arrangements) Act, as provided under the Federal-Provincial Fiscal Revision Act 1964 as amended by section 7 of the Statutes of Canada 1973-74, c. 45.

Payments to provinces under the Public Utilities Income Tax Transfer Act, c. 43 Statutes of 1966-67, (10) 82,433,733

These payments represent the final adjustments for 95% of the federal Income Tax paid by electric, gas and steam utilities on their sales to the Public for the 1976 taxation year, interim payments on account of the federal income tax payable by such corporations for their 1977 and 1978 taxation years and a 1975 taxation year adjustment of \$1,433,791 for Alberta utilities.

NATIONAL HEALTH AND WELFARE**PAYMENTS UNDER THE HOSPITAL INSURANCE AND DIAGNOSTIC SERVICES ACT**
(in thousands of dollars)

Provinces and territories	Total payments 1978-79
Newfoundland	813
Prince Edward Island	367
Nova Scotia	4,310
New Brunswick	4,502
Quebec	
Ontario	42,318
Manitoba	12,974
Saskatchewan	8,747
Alberta	10,832
British Columbia	11,252
Total provinces	96,115
Northwest Territories	88
Yukon Territory	153
Total	96,356

The Hospital Insurance and Diagnostic Services Act was established in 1957 to enable the payment of contributions by Canada towards the cost of eligible hospital and diagnostic services incurred by the provinces. Agreements were made with all the provinces and territories, but under a federal-provincial agreement the province of Quebec subsequently opted out of the program in the fiscal year 1962-63.

On April 1, 1977 the method of determining and paying contributions in respect of the Hospital Insurance and Diagnostic Services Act was changed with the introduction of the Established Programs Financing arrangements included under Part VI of the Federal-Provincial Fiscal Arrangements and Established Programs Financing Act, 1977. Federal contributions now take the form of a transfer of a predetermined number of tax points (and associated equalization) and, in addition, the payment of a predetermined base amount of cash escalated on the basis of growth of the GNP and population. Consequently, the payments made during the fiscal year 1978-79 under the Hospital Insurance and Diagnostic Services Act reflect only the payment of costs incurred prior to April 1, 1977.

PAYMENTS UNDER FEDERAL-PROVINCIAL FISCAL ARRANGEMENTS AND ESTABLISHED PROGRAMS FINANCING ACT, 1977
(in thousands of dollars)

Total	2,129,968	717,544	521,783	3,369,295

Effective April 1, 1977 the federal contributions in respect of Provincial and Territorial Health Care Services are included under the established programs financing arrangements found in Part VI of the Federal-Provincial Fiscal Arrangements and Established Programs Financing Act, 1977. These contributions take the form of transfer of a predetermined number of tax points (and associated equalization) which are estimated at \$2.4 billion in 1978-79, together with the payment of a predetermined base amount of cash escalated on the basis of growth of the GNP and population.

The Health Resources Fund Act was passed in 1966 to provide for the establishment of a Fund of up to 500 million dollars, to be used to contribute to provinces a portion of the cost of the planning, designing, acquiring, construction or renovating of a school, hospital or other institution to be used to improve the quantity, quality, education and utilization of personnel in the health professions and allied disciplines in order to meet the overall needs for trained people.

During 1978-79 the Act was amended to limit payments to projects authorized prior to November 4, 1978, thus creating an expenditures ceiling of \$426.9 million dollars.

⁽¹⁾ The provinces which received these funds, for projects therein, were—Newfoundland \$10,500,000, Prince Edward Island \$27,000, Nova Scotia \$8,102,000 and New Brunswick \$2,831,000.

⁽²⁾ The provinces which received these funds, for projects therein, were—Newfoundland \$10,000,000, Nova Scotia \$1,173,000, Quebec \$6,712,000, Ontario \$2,081,000, Saskatchewan \$926,000 and British Columbia \$446,000.

The Canada Assistance Plan Act authorizes the government to enter into agreements with the provinces and territories for sharing the costs of social assistance provided to persons in need, and welfare services provided to persons in need or likely to be in need. The rate of the federal contribution is 50% of the eligible and shareable costs.

⁽¹⁾ Effective April 1, 1978, the Department of National Health and Welfare assumed from the Department of Finance, the responsibility for the cash portion of payments to the Province of Quebec. The Province of Quebec has opted to received special funding in lieu of cost sharing under the Canada Assistance Plan, in accordance with Part VII for Special Welfare programs of the Federal-Provincial Fiscal Arrangements and Established Programs Financing Act, 1977. Under these provisions, the Province of Quebec is entitled to receive a combination of cash and tax point transfers equivalent to the transfer payments which would have been made had it opted to participate in the Canada Assistance Plan. The amounts received by Quebec were:

SUMMARY OF PAYMENTS UNDER THE
OLD AGE SECURITY ACT
(in millions of dollars)

	Years ended March 31				
	1979	1978	1977	1976	1975
Old age security pension	4,131	3,668	3,319	3,190	2,607
Guaranteed income supplement	1,234	1,078	1,017	709	838
Spouse's allowance	126	115	101	35	
	5,491	4,861	4,437	3,934	3,445

A basic of Old Age Security pension is payable at age 65 to everyone who has met certain residence requirements.

A Guaranteed Income Supplement is an additional amount payable to pensioners who have no other income or only a limited amount. Entitlement is based on income in the preceding calendar year computed in accordance with the Income Tax Act. Where a married couple is concerned their combined income is taken into account.

Spouse's Allowance is payable to the spouse of a pensioner if the spouse is between 60 and 65 years of age and meets the residence requirements. Entitlement is based on the combined income of the couple in the same way as the Guaranteed Income Supplement.

Old Age Security benefits are subject to change in January, April, July and October of each year based on changes in the Consumer Price Index.

Effective January 1, 1979 changes in the legislation provided that, in respect of the Guaranteed Income Supplement, the benefit level would increase by \$20 for each single pensioner and \$10 for each married spouse. It also raised the income level determining eligibility for a single pensioner by \$480 per annum and by the same amount of family income for married couples and also extended eligibility for Spouse's Allowance benefits to the sixth month following the death of the pensioner spouse.

The benefits in effect as at April 1, 1979 were as follows:

Basic OAS pension	\$ 170.39
Maximum GIS	
—single person	\$ 139.89
—married person—spouse not a pensioner	\$ 139.89
—married couple—both pensioners	\$ 116.32
Maximum monthly Spouse's Allowance	\$ 286.71

In March 1979, there were 2,145,383 Old Age Security pensioners, of whom 1,161,610 or 54.1% were also receiving a supplement; the average supplement paid was \$104.44. In addition there were 75,292 spouses of pensioners in receipt of Spouse's Allowance. The average Spouse's Allowance was \$152.18.

SUMMARY OF PAYMENTS UNDER
THE FAMILY ALLOWANCE ACT

Years ended March 31	Number of recipients (in thousands)	Number of children (in thousands)	Payments (in millions of dollars)
1975	3,446	7,344	1,824
1976	3,510	7,312	1,957
1977	3,562	7,244	1,980
1978	3,595	7,140	2,122
1979	3,611	7,011	2,093

Federal Family Allowances are paid in respect of children under the age of 18. Although payment is normally made to a parent, it may be made to some other person or organization which has assumed responsibility for the maintenance of the child. The legislation provides for annual escalation of the allowance in January of each year in accordance with increases in the consumer price index. The federal monthly rate per child was \$25.68 in 1978 and \$20.00 in 1979. The reduction in rate was a result of amendments to legislation which simultaneously introduced a Child Tax Credit effective January 1, 1979, to be paid under the provisions of the Income Tax Act and estimated to cost \$200 million in the 1978-79 fiscal year.

A provincial government may request the federal government to vary the rates payable in that province on the basis of the age of the children or the number of children in the family, or both, provided the smallest monthly payment in that province is at least 60% of the federal rate and the average monthly amount paid for all children in that province is equal to the monthly federal rate. The provinces of Alberta and Quebec have exercised this option.

In the province of Prince Edward Island an additional amount of \$10.00 a month is paid by the provincial government for the 5th child and each additional child in a family. Under an agreement between the federal and provincial governments the provincial allowance is included in the federal cheque.

In March 1979, there were 3,610,747 families and other agencies receiving an average of \$39.45 on behalf of 7,011,190 eligible children.

The New Horizons Program was established in 1972 to encourage and enable retired Canadians to become more actively involved in the life of their community. This objective is accomplished through the payment of contributions to groups of older people to provide them with an opportunity to share their interests, skills and talents in developing and carrying out projects of their own choosing to the benefit of the participants and others in their community.

URBAN AFFAIRS

CENTRAL MORTGAGE AND HOUSING CORPORATION

Contributions to municipalities to assist in the clearance, replanning, rehabilitation and modernization of blighted or substandard areas, National Housing Act, 1954, C. 23, 1953-54 as amended (12) \$5,710,610

Section 23 of the Act authorizes the Corporation, with the approval of the Governor in Council, to enter into agreements with municipalities providing for the payment to a municipality of contributions in respect of one half of the cost to the municipality of acquiring and clearing, whether by condemnation proceedings or otherwise, an area of land in the municipality. The same section authorizes the Corporation to be paid the money required to carry out such agreements. A payment made under this section shall not be greater than the amount by which the aggregate of \$300,000,000 and any additional amounts authorized by Parliament exceeds the total amount of payment made.

Payments to date were \$210,005,235.

Total payments under the Act during the fiscal year to reimburse the Corporation for contributions made to municipalities were \$5,710,610.

Details of payments by city, by province follow:

Year ended March 31, 1979

Year ended March 31, 1978

From inception (including 1979)

Notes:

⁽¹⁾ Includes \$6,825 from Predecessor Experimental Crop Insurance Program.⁽²⁾ Information not available.⁽³⁾ Amends reporting in the previous year's Public Accounts.⁽⁴⁾ No contribution is shown to Quebec since the compensation to that province is made in the form of a special individual income tax abatement and a cash adjustment payment as provided for under the Established Programs (Interim Arrangements) Act. Under an agreement authorized by this Act, the total value to Quebec of the special abatement and cash adjustment is equal to what the federal contribution would otherwise have been under the operative federal statute. Refer to Department of Finance (Vol II) for details.⁽⁵⁾ An additional amount of \$750 thousand was paid in the form of a grant in respect of the phase-out cost of this program.⁽⁶⁾ On April 1, 1977 the cost-sharing arrangements under the Medical Care Act were replaced by transfer payments under the Federal-Provincial Fiscal Arrangements and Established Programs Financing Act. The final settlement of costs incurred prior to April 1, 1977 was made in 1977-78.⁽⁷⁾ Manitoba refunded \$789,467 in fiscal year 1978-79.⁽⁸⁾ Maintenance cost of Perley Bridge. Agreement that Federal Government pay 75% and Ontario Government pay 25%.

Maintenance cost of MacDonald Bridge. Agreement that Federal Government pay 33½%, Ontario Government 33½% and Quebec Government pay 33½%.

⁽⁹⁾ Victoria Inner Harbour Development. Refer also to Section 36 "Grants and Contributions".⁽¹⁰⁾ Includes programs in respect to Comprehensive Rural Development Plan, Agricultural and Rural Development Act (ARDA), Special Areas and Special Highways Agreements, General Development Agreements and federal provincial research programs.⁽¹¹⁾ Does not include an amount of \$6,756 for 1979, \$6,542 for 1978 and \$30,1 since inception not allocated by Provinces.⁽¹²⁾ Contributions, in accordance with terms and conditions prescribed by the Governor-in-Council, to the provinces of British Columbia, Alberta, Saskatchewan and Manitoba to assist in extending the network of highways and road facilities in northern areas of the province.
